Dear Mr. Jaen

We acknowledged receipt of your Request to close Administrative Order On Consent letter on August 11, 2020. In order for us to proceed with the Termination of the AOC

PVL needs to comply with the Termination and Satisfaction clause, Paragraph 97 of the AOC (Part XI below). Once PVL submits the Final Compliance Report, EPA will review it and determine if it satisfies this requirement and final compliance with the Order and then it will proceed with the AOC closure.

Let me know if you want to discuss and feel free to reach me.
